

TRESTLE GLEN

VINEYARDS

FAMILY OWNED AND FARMED SINCE 1974

2018 CABERNET SAUVIGNON SONOMA VALLEY

Vineyard

The Trestle Glen Vineyard is grown using sustainable farming practices. The vineyard is located near Glen Ellen in Sonoma Valley between the Mayacamas Mountains and Sonoma Mountain. The unique microclimate, featuring underground natural hot springs and gentle ocean breeze help prevent frost in late winter and early spring. In summer and fall, warm days tempered by gentle afternoon winds off Sonoma Mountain and cool nights provide slow even ripening. Our vineyard has sparse gravely volcanic soil that ensure low vigor, low yield, and small concentrated berries and is often draped in morning dew and is home to fox, heron, and Bernie the cat.

Vineyards: Block 11, 12, 21, 22

Avg. Yield: 3.0 tons per acre

Clones: 15, 337

Avg. Age: 22 years old

Winemaking

Grapes are harvested ripe at full maturation of flavor and color. The destemmed hand-sorted fruit is then cold soaked for 3 to 4 days. Fermented in small lots and punched down for gentle extraction. After fermenting, each tank receives extended maceration and is gently pressed to avoid harsh tannin. Our Cabernet Sauvignon is aged in only the finest tight grain French oak barrels.

Technical Data

Avg. Harvest Brix: 25.0

Alcohol: 14.2%

TA: 0.66 g/100mL

pH: 3.64

SRP:

Tasting Notes

Dark ruby red, our classic Cabernet Sauvignon has fruit forward aromas of berry jam, black currant, violet, and plum with a bouquet of vanilla caramel, nutmeg, cola, cedar, and touches of pine and mint. Rich flavors of cherry, berry, and plum combine with soft tannin and toasty oak on a lasting finish. A full-bodied Cabernet from another ripe vintage at the Trestle Glen Vineyard.
